6. New Business:
   a. Structure Variance: a) Front setback variance from required 25’ to 15’, and; b) Rear setback variance from required 30’ to 19’ for new residential construction located at 102 Plant Road, Houma.
   Chair recognized Mr. Greg Gleason, Start Corporation, who stated that they work with Housing and Human Services to build houses for their clients. In order to build this 3-bedroom house on this property it is necessary to obtain these setbacks.
   Chair recognized Mr. Chris Pulaski who stated that the applicant is requesting a Front setback variance from required 25’ to 15’, and b) a Rear setback variance from required 30’ to 19’ for new residential construction in a C-2 zoned district. Start Corporation is a local non-profit organization that provides a variety of services for low to moderate income families as well as veterans in Terrebonne Parish One the services they often provide is affordable housing. Start Corporation acquired this property in 2014 and intends to construct a single-family residence. They also own the adjacent lot that fronts on Grand Caillou Road where they currently serve veterans needs. Both properties have sufficient off-street parking for their use.
   The variances being requested are primarily due to the irregular shape and shallow depth of the lot (102’) which pre-dates zoning. The proposed residence is a modest 3-bedroom residence less than 1,500 sq. ft in size which seems appropriate for the area and lot size. Start Corporation has a good track record with the Parish and monitors the upkeep of their properties. Single-family residential is a permitted use in C-2 zoning and many of the surrounding homes have similar or even less setbacks so this would not seem to harm the essential character of the surrounding properties. A site visit was performed and all property owners adjacent to and within a 250’ radius of the subject property have been notified. Staff received one call of no objection and one letter stating an objection.
   Staff recommends APPROVAL of the request.

   Matthew Chatagnier made a MOTION to APPROVE, seconded by Mr. David Tauzin.
