15.
The parties hereto agree that no expense incurred as a result of Lessor originated changes, renovations or improvements made during the term of the lease shall be borne by the Lessee.

16.
Lessor herewith grants Lessee the right to add to or to install in the leased premises at its own expense any fixtures, appurtenances, appliances, coverings, or other such objects as Lessee may desire, provided that the installations and alterations made by Lessee do not diminish the value of the leased premises, and the right to remove at Lessee’s expense upon the termination of this lease, all such fixtures, appurtenances, appliances, coverings or other improvements placed in or on the leased premises by Lessee, provided that the Lessee restores the leased premises to substantially the same condition as existed at the time of occupancy by Lessee.

17.
If, prior to the termination of this lease, through no fault, neglect or design of Lessee, the leased premises and/or said building be destroyed by fire or other casualty, or be unfit for occupancy, then this lease shall be cancelled ipso facto, unless the leased premises can be rendered fit for occupancy within one hundred twenty (120) days from the happening of such fire or other casualty and the Lessor commences the repairs to the damages within thirty (30) days of the occurrence. The Lessee shall be entitled to such reduction or remission of rent as shall be just and proportionate.

For other than intentional and/or negligent acts or omissions of the Lessee, Lessor agrees to waive rights or claims against the Lessee, its agents, or employees for any loss to the premises that arises due to force majeure, Acts of God, and other conditions outside the control of Lessee.

Notwithstanding anything herein to the contrary, it is agreed that any assignment of this lease or the proceeds thereof must be approved in advance of such assignment, in writing, by the appropriate party. If the request to assign is by the Lessee, such assignment must be approved by the Lessor. If the request to assign is by the Lessor, such assignment must be approved by the Commissioner of Administration. Approval of requested assignment shall not be unreasonably or arbitrarily withheld by either party. Provided, however, that the Commissioner or Lessor may condition approval of an assignment of this lease or the proceeds of this lease upon receipt of reasonable assurances from assignee of his ability and willingness to assume responsibility for performance of the terms of the lease in the event of failure of performance by the assignor.

It is agreed by both Lessee and Lessor that in the event the Lessee requires adjacent additional space which could not reasonably have been foreseen at the time of execution of the lease or of the exercise of Lessee's option to extend, it shall promptly notify Lessor in writing of such requirement. Lessor shall respond in writing within fifteen (15) days of receipt of such notification whether such additional space is available.
In the event such additional space is available, the Lessor shall provide such additional space on the same basis and at the same rate as for such comparable space under the then current lease.

In the event that public funding for Lessee becomes inadequate to meet the obligations of this lease, Lessee may, with the approval of the Division of Administration, terminate the lease or reduce the space provided and the rental due by giving sixty (60) days written notice to Lessor. The rental payment due when such a reduction in space is exercised shall be on the same terms and at the same rate per square foot as for the original space under the then current lease.

All notices required under this lease shall be in writing and shall be sent by United States Mail and in the case of notices to the Lessor shall be addressed as follows or in such manner as the Lessor shall from time to time make notification to the Lessee:

Mr. Gordon Dove, Parish President Division of Administration Terrebonne Parish Consolidated Government Facility Planning and Control 8026 West Main Street, Suite 101 Real Estate Leasing Section Houma, LA 70360 P. O. Box 94095, Capitol Station 985/868-5050 Baton Rouge, LA 70804-9095

Upon execution and approval of the lease, it will be the responsibility of the Lessor to have the lease or extract of lease recorded in the office of the parish recorder of the parish where the property herein leased is located.

Before any payments can be made on the lease, the Lessor must provide a certified copy of the recorded lease or extract of lease to the Real Estate Leasing Section of Facility Planning and Control.
All requirements of this section shall be in accordance with the Louisiana Administrative Code, Title 33, Part III, Chapter 27, and regulations promulgated pursuant thereto.
The Lessor must provide appropriate documentation from the Architect, Engineer, or Contractor of Record of the proposed leased space that no asbestos containing building material was specified in any construction documents for the building, or, to the best of his or her knowledge, no asbestos containing building material was used in the building. This documentation must be submitted to the Office of Facility Planning and Control, Real Estate Leasing Section for submittal to the Department of Environmental Quality, Air Quality Division for review and approval. If the documentation as mentioned above cannot be obtained, the Lessor shall conduct an asbestos inspection in accordance with LAC 33:III.2707.A of the building indicating therein locations of all materials containing more than one (1) percent asbestos, as determined by Polarized Light Microscopy. This inspection shall be performed by a Louisiana Department of Environmental Quality accredited Inspector with current accreditation. If any asbestos is detected (friable or non-friable) and allowed to remain while the building is occupied, the Lessor shall also provide an ASBESTOS MANAGEMENT PLAN WHICH HAS BEEN APPROVED BY THE DEPARTMENT OF ENVIRONMENTAL QUALITY.

All Management Plans must be developed by a Louisiana Department of Environmental Quality accredited Management Planner and must be submitted in the format as outlined in the Department of Environmental Quality’s document “Required Elements for LEA and LSPBA Management Plans”. The Lessor must maintain, update, and comply with the Management Plan to keep it current with ongoing operations and maintenance, periodic surveillance, inspections, re-inspections, response action activities, and training of maintenance and custodial personnel. Any updates to the Management Plan shall be submitted to the Division of Administration for record purposes as well as updating the Management Plan located at the facility that is being leased. Failure by the Lessor to maintain, update, and comply with any required Management Plans will cause automatic termination of the lease effective three (3) months after the anniversary date of the lease.

All documentation required under this section shall be forwarded to the Division of Administration, Facility Planning and Control, Real Estate Leasing Section by the Lessor PRIOR TO OCCUPANCY OF THE LEASED SPACE BY THE STATE OF LOUISIANA.
The State is not liable for any costs incurred by any Lessor prior to the statutory approval of a lease by the Commissioner of Administration in accordance with LA R.S. 39:1641(A).

Lessee will occupy and use the Leased Premises for purposes related to the operations of workman’s compensation proceedings, filings, courtroom and/or judge’s office and it shall not be used for any unlawful purpose.

This lease is made upon the express conditions that should the Lessee fail to keep and perform any of the terms, conditions or agreements contained herein, this lease shall terminate at the option of the Lessor, providing that the Lessor shall first give Lessee at least fifteen (15) days written notice, as hereinafter provided, of its intention to terminate the lease and set forth therein a specific breach of this lease. This notice shall be mailed to the Lessee as hereinafter provided, and after the expiration of ten (10) days from the receipt of said notice by Lessee, the Lease shall terminate, providing that Lessee has not by then paid all rentals due and commenced to remedy all the other defaults and breaches complained of and diligently continues to correct such defects within thirty (30) days of the receipt aforesaid notice. It is understood, however, that failure to pay rents as set forth hereinafore, is not the exclusive cause for termination of this lease, a breach of any of the other terms hereof also being grounds for termination after notice as set out herein. Should the Lessee fail to remedy any default under the provisions of this Lease within the number of days and after written notice to Lessee, as herein set out, or should it be judicially determined that Lessee has violated any of the terms of this Lease, Lessor may, at its option, declare the Lease null and void, and terminated and forfeited as aforesaid, reserving unto Lessor any and all other rights and claims allowed by law or granted in this Lease, including but not limited to any and all claims for past due rents and other sums owed to Lessor under this Lease.
When requested by the State, Lessor shall execute a Subordination of Lessor’s Lien with respect to equipment in favor of a third party, whenever the third party is financing the acquisition of the equipment. The State will supply the document to be executed.

Council Member G. Michel led a discussion regarding the Council’s use of Zoom for future meetings and its plans, if any, for the Council to hold in-person meetings again in the near future.

The Chairman clarified that the current meeting would be the last Zoom meeting held by the Council at this time. He then announced that the June Committee Meetings and Regular Council Session Meetings will be held at the Houma-Terrebonne Civic Center, with Committee Meetings being held on the corresponding Mondays and the Regular Council Sessions being held the corresponding Wednesdays.

Discussion ensued relative to the use of the Civic Center for hosting meetings as compared to using the Council Meeting Room. The Chairman clarified that the Civic Center offered greater space while observing social distancing guidelines so that more members of the public could participate and provide input than would be possible at the Council Meeting Room.
Additional discussion continued relative to continued live-streaming and remote participation by the public in a meeting.

The Chairman clarified that the Council’s current plans were to continue live-streaming the Council meetings for the public’s convenience, but that public comments would only be heard from those individuals attending the actual meeting.

Council Member J. Navy inquired if a variance could be approved for the property at 110 Bank Street to allow them to place an additional structure on the property given the current hardships experienced due to public health concerns.

The Chairman recognized Mr. Chris Pulaski, Planning and Zoning Director, who clarified that the Parish could not allow the additional structure to be placed at the location due to zoning requirements for the property and the local area. He then shared some suggestions for the Council to consider in rezoning the local area to provide all of the local property owners similar allowances. It was suggested that a town hall meeting be held in order for the local community to provide their input. He then clarified that two public hearings were required in the rezoning process which could also allow community input regarding a potential rezoning for the area.

Council Member J. Navy requested Parish Administration begin investigating and initiating the necessary procedures to provide for a rezoning of the local area in question and calling the required public hearings to be held according to appropriate procedures.
