

# GET A GAME PLAN

**Governor's Office  
of  
Homeland Security  
and  
Emergency Preparedness**

Governor's Office

Hurricane season begins June 1 and runs through November 30th.

**These are important  
to have on hand!**

**Three days of food and water**  
**One gallon of water per person per day**  
**Food for infants**  
**Canned fruits and vegetables**  
**Vitamins**  
**Dry cereal**  
**Canned juices**  
**Ready-to-eat canned meats**  
**Dietary and special needs meals**

Make a list of what you would take if you have to evacuate.

# My List

Quack!

Quack! Quack!

If you have pets, your game plan should include a plan for caring for them during an emergency.

See how many you can find!

Hurricanes are examples of one type of hazard. A list of ALL Hazards can be found at [GetaGamePlan.Org](http://GetaGamePlan.Org)

### Facts about hazards

They can be:

MAN MADE

NATURAL

ACCIDENTAL

My house is in shape with  
new shutters to protect the  
windows from wind damage.  
Now it's your turn!

**Mitigation means strengthening your home.  
Be prepared before something happens!**

# Safeguard Family Documents

- Medical Insurance Cards
- Insurance Policies
- Passports
- Birth Certificates
- Social Security Cards
- Bank Account Numbers
- Stocks and Bonds Certificates
- Immunization Records
- Wills
- Marriage License
- Contracts
- Deeds

***Make copies and secure documents in a sealed waterproof bag.***

Where is the football?

This helmet is so big I'm not sure where I am.

Make sure you have the right equipment. These let you see and hear what is going on!

Lightning strikes cause electrical outages. Make sure you have:

- Flashlights
- Portable radios
- Extra Batteries
- Portable TV

**Stay healthy for peak performance!**

**Keep all medicines, prescriptions and your  
doctor's contact information with you.**

**Hazards can occur any place,  
anywhere, and at anytime!**

**Pay attention to what is happening around  
you. Follow news and weather reports.**

# INSTANT REPLAY!

- Follow news and weather reports.
- Lightning strikes cause power outages. Have portable TVs, radios, flashlights, and extra batteries.
- Keep important documents in sealed, waterproof bags.
- Fight the spread of germs.
- Keep food for your special dietary needs.
- Keep an up-to-date road map on hand.
- Have three days of food and water.
- Know the evacuation routes.
- Have a pet plan.
- Learn the location of evacuation shelters.
- Keep all medicines, prescriptions and your doctor's contact information with you.
- Practice your game plan with the whole family.
- There are many types of hazards that can affect your family, so go to [GetaGamePlan.Org](http://GetaGamePlan.Org) to learn more!

Remember, hazards can occur any place, anywhere and at anytime!

# Get-a-Game Plan Review

## Across

  10. Storms are acts of **NATURE**.
  13. Hurricanes bring strong wind and heavy **RAIN**.

## POST EMERGENCY NUMBERS BY THE PHONE

### All Emergencies

Dial 911

### Local Emergency Numbers

Police \_\_\_\_\_

Fire \_\_\_\_\_

Medical \_\_\_\_\_

### Non-Emergencies

United Way

Dial 211

Local American Red Cross \_\_\_\_\_

### Parents

- Be aware that your child's school may close due to an emergency.
- Check with your child's school for its crisis plan.
- Discuss/determine possible rallying points should the school mandate an evacuation.
- Throughout the year, review and update phone numbers and contact information.
- Gather information on alternative routes to the school and the location of the nearest medical facility, along with fire and law enforcement agencies.
- Identify out-of-state/out-of-area contacts (family and friends) to provide updates on your family's well-being.
- Share contact information (phone numbers, email addresses, etc.) with local and out-of-area family/friends.
- Prepare an evacuation plan – your family's "game plan".
