AMENDMENT POLICY – Parish Zoning Regulations Section 28-201

1. REASONS FOR THIS AMENDMENT:
   It is recognized that casual change of the ordinance would be detrimental to the achievement of stable development. It is public policy, therefore, to amend this ordinance only when one or more of the following conditions prevail:

   PLEASE CHECK ONE OR MORE:

   ERROR. There is a manifest error in the ordinance.
   CHANGE IN CONDITIONS. Changed or changing conditions in a particular area or in the metropolitan area generally make a change in the ordinance necessary and desirable.
   INCREASED NEED FOR SITES FOR BUSINESS OR INDUSTRY. Increased or increasing needs for business or industrial sites, in addition to sites that are available, make it necessary and desirable to rezone an area or to extend the boundaries of an existing district.
   SUBDIVISION OF LAND. The subdivision or eminent subdivision of open land into urban building sites make reclassification necessary and desirable.

2. LIMITATIONS ON PROPOSED AMENDMENTS:
   Demonstrate that the proposed amendment meets the minimum size requirements and need for new districts as described in Section 28-201(b).

EXHIBITS REQUIRED – Parish Zoning Regulations Section 28-202

1. LEGAL PLAT OF PROPERTY TO BE REZONED: This plat is to be prepared by a licensed land surveyor or civil engineer. On the required plat, please include:
   a. Land area to be affected including legal description;
   b. Present zoning classification of area to be affected and zoning classification of abutting districts;
   c. Public rights-of-way and easements bounding and intersecting the designated area and abutting districts;
   d. Locations of all existing and proposed structures with supporting open facilities;
   e. The specific ground area to be provided and continuously maintained for the proposed structure or structures.

2. REASON FOR AMENDMENT: Please state on a separate sheet why this proposal complies with either one or more of the above checked conditions for rezoning. In addition, the applicant may submit (optional) a site plan and/or development schedule of the proposal with this application.

3. DEVELOPMENT SCHEDULE: On a separate piece of paper, indicate a time schedule for the beginning and completion of development planned by the applicant. If the development is planned in stages, the time schedule shall indicate the successive stages and the development plan for each.

4. MARKET INFORMATION: Applicable only if the following conditions are met:
   a. If the proposed amendment would require rezoning an area from an existing residential district to a freestanding commercial district;
   b. If the proposed amendment would require more than double the area of an existing commercial district entirely surrounded by residential districts;
   c. If the proposed amendment would enlarge an area of existing commercial district by more than eight (8) areas;

   The market information shall include a written description of the market area to be served by the development, the population thereof, the effective demand for the proposed facilities and any other information describing the relationship of the proposed development to the needs of the applicable area.
5. **PUBLIC NEED:** Please state on a separate sheet the change in conditions in the area that make the proposed amendment necessary and desirable for the promotion of the public health, safety or general welfare.

6. **EFFECT OF AMENDMENT:** Please include on a separate sheet of paper a report giving the nature, description and effect of the proposed zoning amendment; if a change is required in the zoning map, a description of the probable effect on surrounding land uses and properties.

[Signature of Owner or Authorized Agent]
To Whom It May Concern,

2. The reason for this request is that my property abuts the neighboring lot. The change in zoning would give another option to establish affordable housing on this property.

3. If approved, then planning could go forward in hope of finding a mobile home that could be relocated to the above mentioned lot. At his time, planning is contingent on the ruling of this body. However, in the next year or so it is hoped that a residence can be established again on this lot. The house before was destroyed by a storm and later torn down.

5. The neighborhood has changed in the last 20 years or so. Mobile homes have been moved in on the lots before and behind my property. Thus surrounding my property with other mobile almost calls for a similar change in zoning to allow me a cost effective option in creating a new residence.

6. The surrounding lots and land uses should not be affected. Two lots (before and behind) that abut my lot have occupied mobile homes. Across the street has an occupied mobile home. The fourth side, being as I have the last lot in the subdivision, abuts a canal and the rear of a building that is zoned commercial property. Utilities are provided by the City for this lot so no effect should be felt by surrounding landowners.

Thank before hand for your consideration of this matter.

Heath Davis
