AMENDMENT POLICY – Parish Zoning Regulations Section 28-201

1. **REASONS FOR THIS AMENDMENT:**

It is recognized that casual change of the ordinance would be detrimental to the achievement of stable development. It is public policy, therefore, to amend this ordinance only when one or more of the following conditions prevail:

PLEASE CHECK ONE OR MORE:

☐ **ERROR.** There is a manifest error in the ordinance.

☒ **CHANGE IN CONDITIONS.** Changed or changing conditions in a particular area or in the metropolitan area generally make a change in the ordinance necessary and desirable.

☐ **INCREASED NEED FOR SITES FOR BUSINESS OR INDUSTRY.** Increased or increasing needs for business or industrial sites, in addition to sites that are available, make it necessary and desirable to rezone an area or to extend the boundaries of an existing district.

☐ **SUBDIVISION OF LAND.** The subdivision or eminent subdivision of open land into urban building sites make reclassification necessary and desirable.

2. **LIMITATIONS ON PROPOSED AMENDMENTS:**

Demonstrate that the proposed amendment meets the minimum size requirements and need for new districts as described in Section 28-201(b).

EXHIBITS REQUIRED – Parish Zoning Regulations Section 28-202

1. **LEGAL PLAT OF PROPERTY TO BE REZONED:** This plat is to be prepared by a licensed land surveyor or civil engineer. On the required plat, please include:

- b. Present zoning classification of area to be affected and zoning classification of abutting districts;
- c. Public rights-of-way and easements bounding and intersecting the designated area and abutting districts;
- d. Locations of all existing and proposed structures with supporting open facilities;
- e. The specific ground area to be provided and continuously maintained for the proposed structure or structures.

2. **REASON FOR AMENDMENT:** Please state on a separate sheet why this proposal complies with either one or more of the above checked conditions for rezoning. In addition, the applicant may submit (optional) a site plan and/or development schedule of the proposal with this application.

3. **DEVELOPMENT SCHEDULE:** On a separate piece of paper, indicate a time schedule for the beginning and completion of development planned by the applicant. If the development is planned in stages, the time schedule shall indicate the successive stages and the development plan for each.

4. **MARKET INFORMATION:** Applicable only if the following conditions are met:

- a. If the proposed amendment would require rezoning an area from an existing residential district to a freestanding commercial district;
- b. If the proposed amendment would require more than double the area of an existing commercial district entirely surrounded by residential districts;
- c. If the proposed amendment would enlarge an area of existing commercial district by more than eight (8) areas;

The market information shall include a written description of the market area to be served by the development, the population thereof, the effective demand for the proposed facilities and any other information describing the relationship of the proposed development to the needs of the applicable area.

Doris Moore Jules

Request to Rezone From R-1 to R-3

2. Reason for this Amendment
Change in conditions

Over the past few decades, numerous properties in the Barrowtown subdivision have either undergone similar rezonings or have legal, nonconforming structures on them, in particular mobile homes. For many residents, mobile homes are only affordable housing options.

3. Limitations on Proposed Amendment

The adjacent property at 202 East Street is currently zoned R-1 so the proposed rezone is exempt from the minimum size requirement.

4. Development Schedule

Immediately after approval, if granted.

5. Public Need

There is a need for more affordable housing (i.e. mobile homes) in the community particularly after the destruction from Hurricane Ida.

6. Effect of Amendment

Many properties in this subdivision have legal, Nonconforming mobile homes existing and this change would not alter the aesthetics with the addition of another mobile home.

T. Error

N/A.

QUESTION 5. PUBLIC NEED: Please state on a separate sheet the change in conditions in the area that make the proposed amendment necessary and desirable for the promotion of the public health, safety or general welfare.

RESPONSE: As a result of two hurricanes, Katrina and Rita, the original house on the property was literally destroyed and uninhabitable. Arrangements were made to demolish the house and clear away the large amount of wreckage. The debris included not only the house, but pieces of a large tree that had fallen and trash from the winds of the hurricanes.

Most open areas in a city usually become a dumping ground for unwanted trash and products that could be classified as dangerous or harmful to the neighborhood citizens. Open areas may also become a detriment to the property value of the surrounding neighborhood. When a person has a home in an area, it will usually deter hazardous dumping thereby creating a safe and healthy environment for the public.

QUESTION 6. EFFECT OF AMENDMENT: Please include on a separate sheet of paper a report giving the nature, description and effect of the proposed zoning amendment; if a change is required in the zoning map, a description of the probable effect on surrounding land uses and properties.

RESPONSE: Presently, the area is zoned for "modular or stick-built homes only". The nature of the proposed amendment to the zoning of this area is to allow a wider definition of type of homes to be permitted. The amendment will permit a variety of creative and different types of homes in addition to homes that are modular or stick-built. The amendment will permit other types of houses and affordable homes that are being used in this country to be permitted on the property. The amendment will bring value to the properties in the area.

The effects of this amendment will give the families in the neighborhood, and those people who were forced to leave the area after the hurricanes and want to return, an opportunity to have a home. People with homes feel safer and they tend to be healthier.
