BUS ROUTES

Refer to the maps in this brochure to see how the Good Earth Transit busses can take you from where you are to where you want to go. First, find the route closest to where you are, and then see if where you want to go is located on the same route. If it is not, you will need to transfer to a different route. Transferring is easy. Stay on the bus until it reaches the Bus Terminal, located in downtown Houma at the corner of Main St. and Barataria Ave. There you board the bus which will take you to your intended destination.

BUS SCHEDULES

To know when to catch a bus, check the time schedule located on the route's map panel of this brochure. Good Earth Transit busses are not assigned exact times at EVERY stop. The times shown are at the beginning, mid-point, and end of the routes. From these times, you can estimate when the bus will get to your stop.

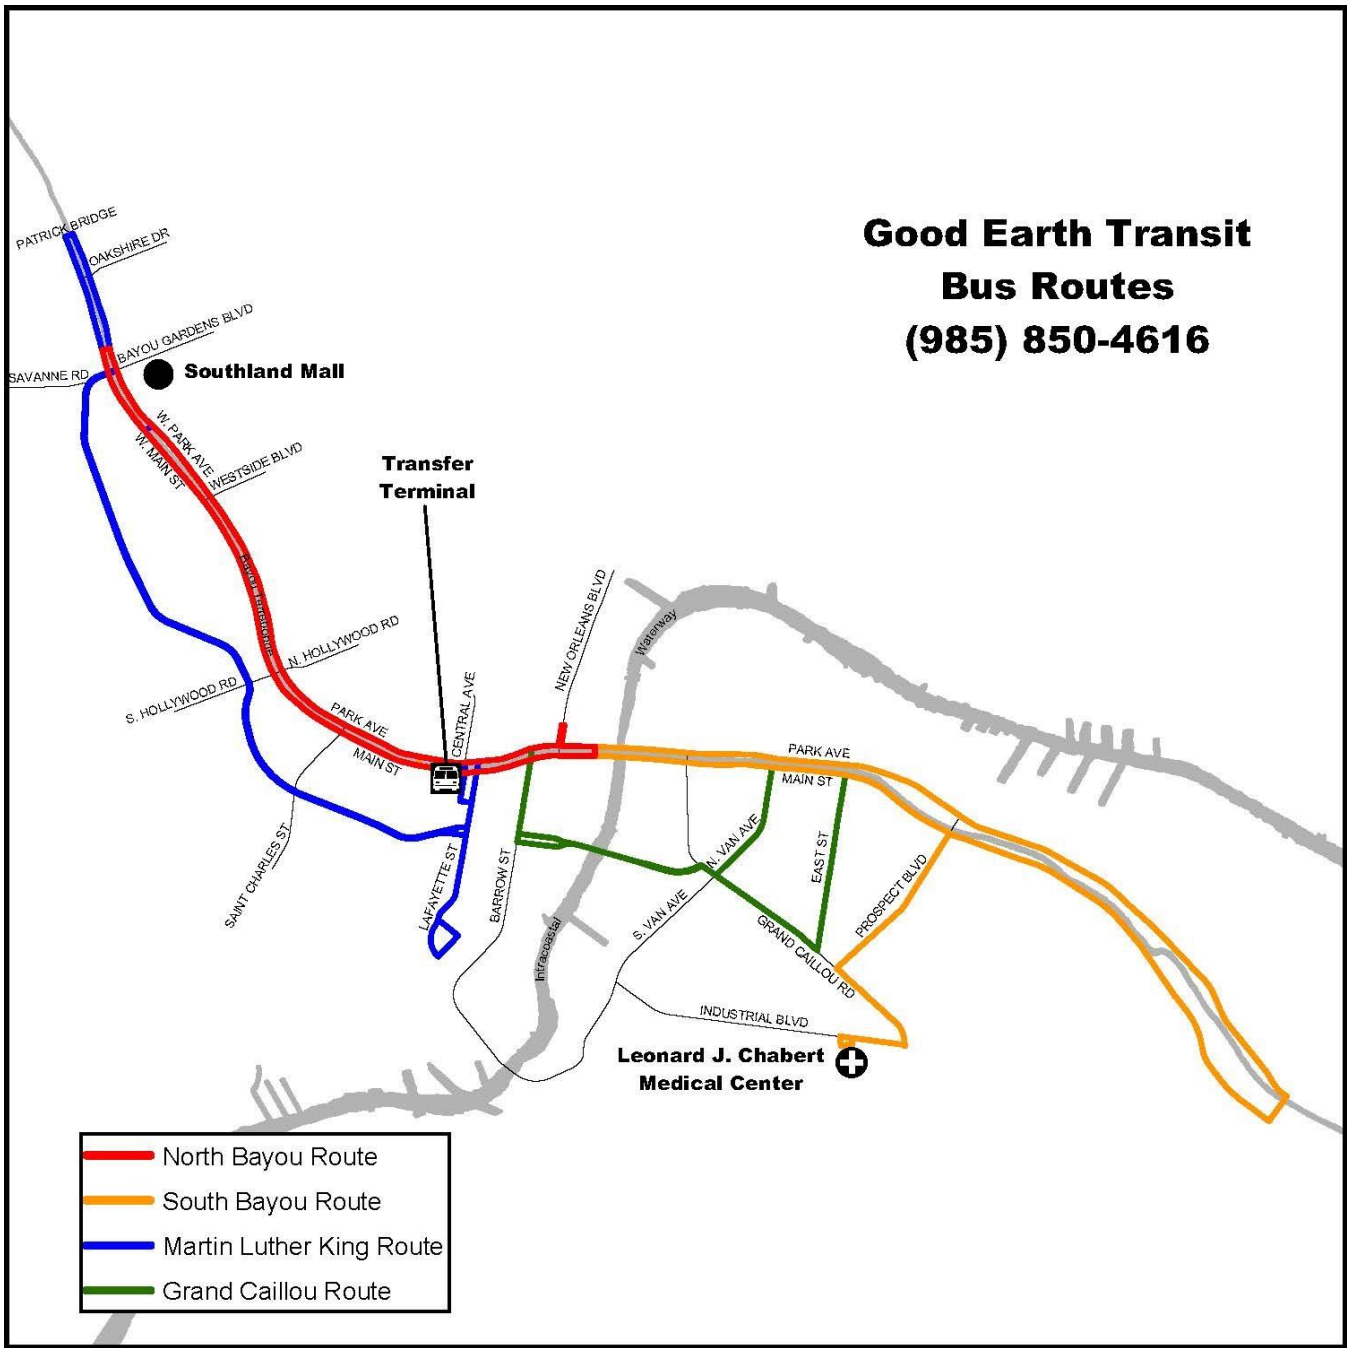

Be sure to get to your bus stop a few minutes early to ensure your ride.

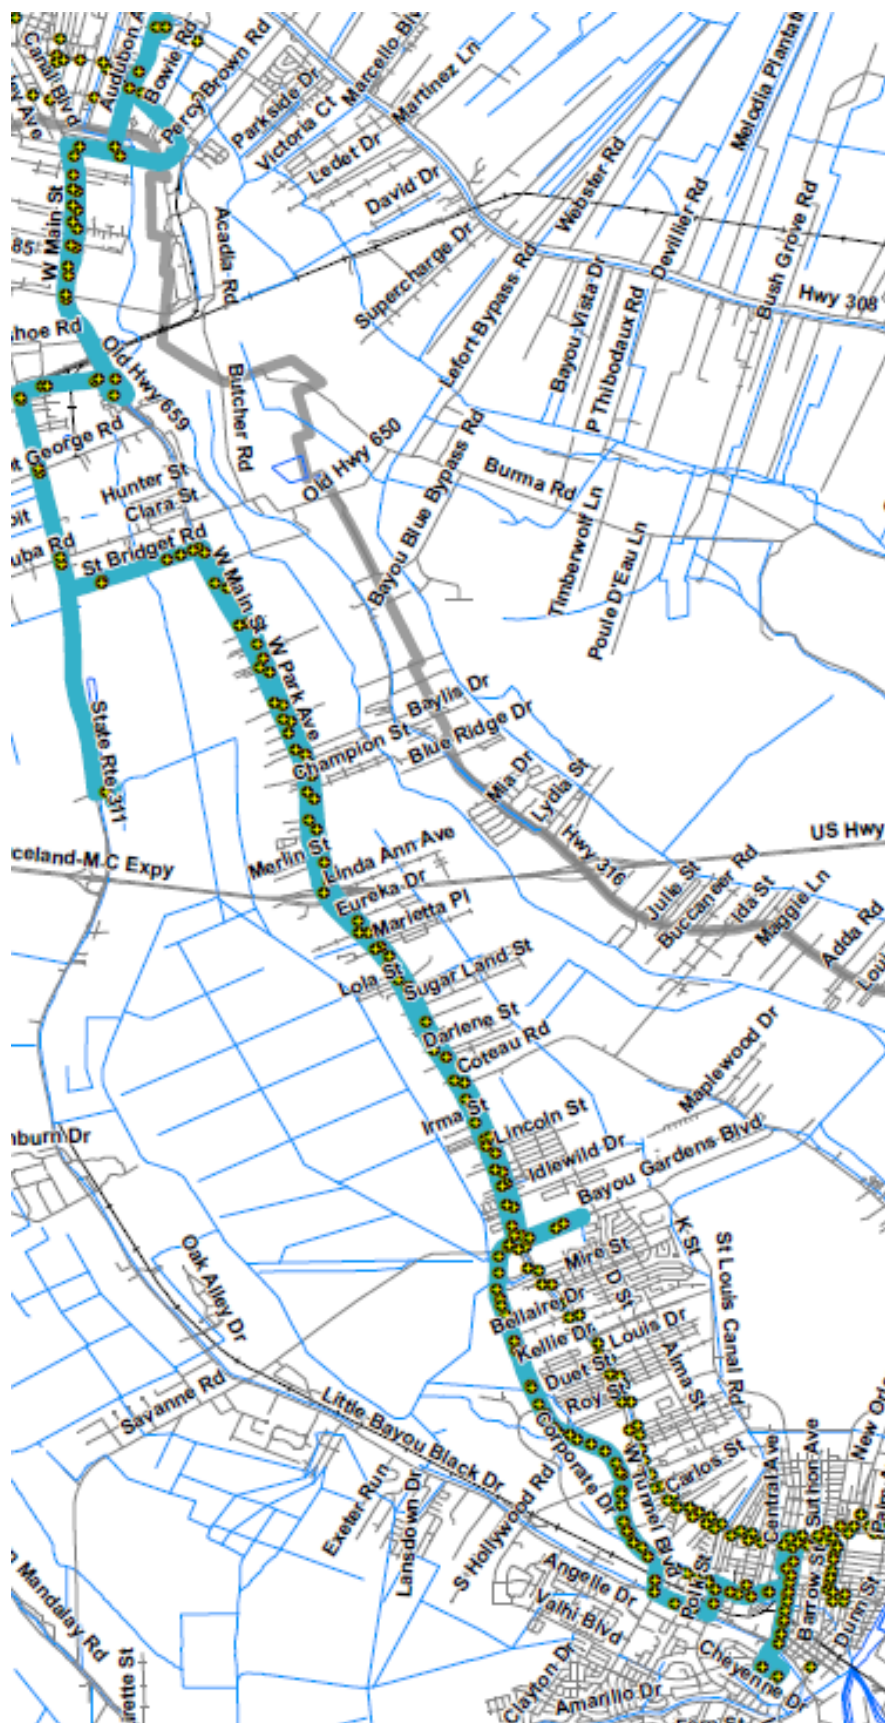

BUS STOPS

Good Earth Transit bus stop signs and shelters are conveniently located throughout the transit system.

To ride, please wait at the bus stop or within the shelter. When the bus approaches, please stand up and/or take a step toward the bus so the driver knows you want to ride. Wait until the bus comes to a complete stop and passengers have exited before approaching the bus to enter. Please let the driver know in advance if you are trying to transfer to another route so they can contact the driver of the other route.
