

## **Aerial Spraying in Terrebonne Parish Scheduled**

FOR IMMEDIATE RELEASE:

Date: 06/27/25

Terrebonne Officials have scheduled an aerial spray operation this week in preparation for the upcoming 4<sup>th</sup> of July festivities. The aerial application will take place Saturday evening, June 28, 2025 between 8:00pm and 11:00pm, weather permitting. If there is a unforeseen delay, applications will begin the next suitable night. The aerial application will be completed in one evening. The area to be covered are as follows: Between Valhi Blvd and Hwy 311.

VDCI will be using twin-engine aircraft flying at an altitude of approximately 300 feet to conduct the aerial application. Each aircraft is equipped with an aerial spray guidance system specifically engineered for mosquito control operations. VDCI will be applying an EPA approved mosquito control product labeled for use in residential areas municipalities, and agricultural areas. The planes are able to receive in real-time, meteorological conditions such as temperature, wind speed and wind direction to determine the offset of application.

The Federal Aviation Administration (FAA) requires notification to the public when aerial spray operations are to occur.

For additional information and/or maps of the intended spray area contact VDCI at 985-580-1629 or 800-256-1784.
