Effective at Midnight, June 5, 2020, Governor John Bel Edwards' formally declared Louisiana into Phase Two of its Roadmap to a Resilient Louisiana. On June 4, 2020, Gov. John Bel Edwards signed the order moving Louisiana to Phase Two of the White House plan for reopening, while cautioning members of the public and businesses to continue to take mitigation measures, like wearing masks when in public, to prevent the further spread of COVID-19 as more people will be interacting with each other. To view the Governor's order go to <https://gov.louisiana.gov/assets/Proclamations/2020/74-JBE-2020-State-of-Emergency-COVID-19-Resilient-Louisiana-Phase-2.pdf>

The State Fire Marshal's Office and the Louisiana Department of Health have issued guidance for churches and different types of businesses to help them enter Phase Two in a way that ensures they operate safely and at the maximum level allowed. Business owners and faith leaders can find information at [OpenSafely.la.gov](https://www.opensafely.la.gov).

Those individuals who are at a higher risk of severe illness from COVID-19 should still stay home unless they are traveling outside of the home for an essential activity, like obtaining food, medicine or medical care.

The Governor's order follows the White House plan for Opening Up America Again. Major changes in Phase Two include allowing churches, places of worship and many more businesses to operate at 50 percent capacity with social distancing, masks for public-facing employees and increased sanitization. In addition, the state strongly recommends that businesses consider offering temperature checks before a person can enter and posting the symptoms of COVID-19 outside with a request that symptomatic individuals not enter.

The State Fire Marshal's Office and the Louisiana Department of Health have issued guidance for churches and different types of businesses to help them enter Phase Two in a way that ensures they operate safely and at the maximum level allowed.
