#19a---Writes name (102/123)

Mathematics

#20b---Quantifies (86/123)

#20c---Connects numerals with their quantities (78/123)

#21a---Understands spatial relationships (82/123)

Social Studies

#30---Shows basic understanding of how people live (75/123)

***Add 2 activities with these objectives to your lesson plans as School Readiness Goals per week in addition to your regular objectives starting March 2. You should get through this list by the end of March.

- You should have at least 1 activity related to an objective each day (you can have more).
- 5 activities in the week and 2 of the 5 should be a School Readiness Goal above.
- Activities can be Intentional Teaching Cards, Mighty Minutes, Book Discussion Cards, or a separate activity that you create as long as it meets the objective.
- Identify them as (SRG) on your lesson plan.
