Upon receipt of an application for amendment, the office of the Zoning Administrator shall examine the application and shall make such investigation as is necessary. Within fifteen (15) days of receipt of an application, the office of the Zoning Administrator shall transmit the application, together with its report and recommendation, to the Zoning Commission. The Zoning Commission then shall hold a preliminary hearing on the application within thirty-five (35) days after receipt of such application for amendment and shall notify the applicant and the office of the Zoning Administrator of the time and place of such hearing. After holding a preliminary hearing, the Commission shall certify the application for public hearing, and shall notify the applicant of the time and place of such public hearing. The Commission shall fix a reasonable time of a public hearing and shall give public notice, as required by law, as well as notice to the applicant and to the office of the Zoning Administrator.

This ordinance, including the zoning map, is based on comprehensive studies, and is intended to carry out the objective of a sound, stable, and desirable development.

Please return the application and supporting plans to the office of the Zoning Administrator.

AMENDMENT POLICY – Parish Zoning Regulations Section 28-201

1. REASONS FOR THIS AMENDMENT:

It is recognized that casual change of the ordinance would be detrimental to the achievement of stable development. It is public policy, therefore, to amend this ordinance only when one or more of the following conditions prevail:

PLEASE CHECK ONE OR MORE:

ERROR. There is a manifest error in the ordinance.

CHANGE IN CONDITIONS. Changed or changing conditions in a particular area or in the metropolitan area generally make a change in the ordinance necessary and desirable.

INCREASED NEED FOR SITES FOR BUSINESS OR INDUSTRY. Increased or increasing needs for business or industrial sites, in addition to sites that are available, make it necessary and desirable to rezone an area or to extend the boundaries of an existing district.

SUBDIVISION OF LAND. The subdivision or eminent subdivision of open land into urban building sites make reclassification necessary and desirable.

2. LIMITATIONS ON PROPOSED AMENDMENTS:

Demonstrate that the proposed amendment meets the minimum size requirements and need for new districts as described in Section 28-201(b).

EXHIBITS REQUIRED – Parish Zoning Regulations Section 28-202

1. LEGAL PLAT OF PROPERTY TO BE REZONED: This plat is to be prepared by a licensed land surveyor or civil engineer. On the required plat, please include:

- a. Land area to be affected including legal description;
- b. Present zoning classification of area to be affected and zoning classification of abutting districts;
- c. Public rights-of-way and easements bounding and intersecting the designated area and abutting districts;
- d. Locations of all existing and proposed structures with supporting open facilities;
- e. The specific ground area to be provided and continuously maintained for the proposed structure or structures.

2. REASON FOR AMENDMENT: Please state on a separate sheet why this proposal complies with either one or more of the above checked conditions for rezoning. In addition, the applicant may submit (optional) a site plan and/or development schedule of the proposal with this application.

3. DEVELOPMENT SCHEDULE: On a separate piece of paper, indicate a time schedule for the beginning and completion of development planned by the applicant. If the development is planned in stages, the time schedule shall indicate the successive stages and the development plan for each.

4. MARKET INFORMATION: Applicable only if the following conditions are met:

- a. If the proposed amendment would require rezoning an area from an existing residential district to a freestanding commercial district;
- b. If the proposed amendment would require more than double the area of an existing commercial district entirely surrounded by residential districts;
- c. If the proposed amendment would enlarge an area of existing commercial district by more than eight (8) areas;

The market information shall include a written description of the market area to be served by the development, the population thereof, the effective demand for the proposed facilities and any other information describing the relationship of the proposed development to the needs of the applicable area.

5. **PUBLIC NEED:** Please state on a separate sheet the change in conditions in the area that make the proposed amendment necessary and desirable for the promotion of the public health, safety or general welfare.
6. **EFFECT OF AMENDMENT:** Please include on a separate sheet of paper a report giving the nature, description and effect of the proposed zoning amendment; if a change is required in the zoning map, a description of the probable effect on surrounding land uses and properties.
7. **ERROR:** The error, if error is alleged, that would be corrected by the proposed amendment.

**PUBLIC NOTICE REQUIRED – Parish Zoning Regulations Section 28-202(d)**

1. The name, description of property owned and mailing address of each owner of property lying within a distance of three hundred (300) feet of the fronting corners of the property.
2. Ten (10) days prior to the public hearing, the applicant shall submit proof of property posting in accordance with Section 28-202(d) of the Parish Zoning Ordinance.

**SIGNATURES REQUIRED**

1. Printed names and addresses along with interest of every person, firm, or corporation represented by the applicant (may use separate sheet of paper):

CHRISTOPHER PULASKI, DIRECTOR OF PLANNING & ZONING, TPCG

2. The undersigned is/are owner(s) and/or represent(s) all owners of the entire land area and/or structures and/or encumbrances (including holders of mortgages, liens, servitudes, rights of way, usufructs, rights of habitation) included within the proposed district and, in signing, indicate concurrence with application:

ERIC DANH NGUYEN

3. Sufficient evidence to establish that the applicants are all the owners and encumbrance holders of the designated area and structures, and have both the means and ability to undertake and complete the proposed development (may attach separate sheet of paper):

SEE ATTACHED ASSESSOR RECORDS

**APPLICATION FEE SCHEDULE**

Terrebonne Parish Consolidated Government has adopted the following fee schedule:

1. Map Amendment: \$25.00 / first acre  
\$ 3.50 / every acre thereafter, up to fifteen (15) acres
- Minimum Charge - \$25.00; Maximum Charge - \$100.00

I (We) own 5.14 acres. A sum of \$39.00 dollars is enclosed and made a part of this application.

**DECLARATION**

I (We) declare that, to be the best of my (our) knowledge and belief, all matters stated herein are true and correct.

ERIC DANH NGUYEN  
Signature of Owner or Authorized Agent

## **526 S. Hollywood Road - Proposed Zoning Amendment from O-L (Open Land) and I-1 (Light Industrial) to I-1 (Light Industrial)**

### **REASON FOR THE AMENDMENT:**

It was recently brought to the attention of the Planning and Zoning Department by a real estate agent on behalf of the subject property owner that the zoning map appeared to show both O-L and I-1 on the same portion of the subject property. Upon researching, Staff referred back to the original ordinance from September 2007 (Ord. No. 7349) that shows the entire tract zoned I-1 on the digital zoning map that was Exhibit A to the ordinance. This was also verified looking at the original paper zoning maps on file in the Planning and Zoning Office (copies of both are included in this application as backup).

Staff can find no record of any zoning amendments to rezone the portion of the subject property from I-1 to O-L leading Staff to believe that the display of both zone district types was an error when the zoning layer was created on the GIS Map System. An audit of the system only goes back as far as 2016 and the error was present at that time.

While you can have different zoning district types on the same parcel of land, you cannot have two zoning districts on the same portion. The proposed amendment will correct the error.

### **PUBLIC NEED:**

The need to correct the error is to provide true and accurate information to the public.

### **EFFECT OF AMENDMENT:**

The effect will be an accurate depiction of the zoning map and it will clarify the zoning which will then allow for the entire parcel to be used in accordance with I-1 zoning districts which is the same zoning as the surrounding area.

---

**Rezone from & I-1 (Light Industrial) & OL (Open Land) to I-1 (Light Industrial)**  
**526 South Hollywood Road**  
**Tract A on Map Showing Tracts A & B, Redivision of Property of Marvin Marmande, Jr., et al**

## **Vehicle Storage Facility (limited) Proposed Ordinance**

### **Sec. 28-48. – Commercial districts**

(a) *C-1 District: Central Business District.* The district is composed of land and structures used to furnish, in addition to all of the retail goods and services required by transients and by residents of the metropolitan area and of the trade area, certain wholesale and limited manufacturing in support of the main uses. Located at the convergence of the principle thoroughfares and highways, the Central Business District is surrounded by nonresidential districts and multiple-family residential districts. The district regulations are designed to permit the further development of the district for its purpose,

\*\*\*

(b) *C-2 Districts: General Commercial Districts.* These districts are composed of land and structures used to furnish, in addition to the retail goods and services found in the neighborhood districts, such less frequently needed goods as clothing and automobiles and such less frequently needed services as banking and theaters, the wider range of retail goods and services to satisfy all of the household and personal needs of the residents of a group or community of neighborhoods. Usually located on a thoroughfare or near the intersection of two (2) thoroughfares, these districts are large and are within convenient driving distance of the group of neighborhoods they will serve. The district regulations are designed to permit the development of the districts for their purpose and to protect the abutting and surrounding residential areas by requiring certain minimum yard standards to be met, standards that are comparable to those called for in residential districts. It is intended that additional general commercial districts will be created in accordance with the amendment procedure set forth herein, as they are needed to serve groups of new neighborhoods. To insure that such districts are actually developed to supply the business needs of the groups of neighborhoods, the amendment creating the district may set a time limit for its development.

(1) *Permitted uses.* In the C-2 Districts only the following uses are permitted:

- a. *Uses by right*—The uses listed below are permitted subject to the conditions specified:

\*\*\*

- b. *Uses requiring planning approval*—The uses listed below are permitted upon approval of the location and site plan thereof by the zoning and land use commission as being appropriate with regard to transportation and access, water supply, waste disposal, fire and police protection and other public facilities, as not causing undue traffic congestion or creating a traffic hazard and as being in harmony with the orderly and appropriate development of the district in which the use is located:

Church, religious assembly, including parish house, community house and educational buildings.

Pipeline or electric transmission line (need not be enclosed within structure).

Railroad right-of-way, but not including shops, yards and team tracks (need not be enclosed within structure).

Revival church (temporary), as a temporary use on a permit issued by the zoning administrator, such permit to be good for a period not exceeding one week and renewable for not more than three (3) such periods.

Theater, outdoor (need not be enclosed within structure).

**Vehicle Storage Facility (limited), (except within the historic district)**

\*\*\*

- (c) *C-3 Districts: Neighborhood Commercial Districts.* These districts are composed of land and structures occupied by or suitable for furnishing the retail goods, such as groceries and drugs, and the services, such as barbering and shoe repairing, to satisfy the daily household needs of the surrounding residential neighborhoods. Often located on one (1) or more thoroughfares, these districts are small and are within convenient walking distance of most of the areas they will serve. The district regulations are designed to permit the development of the districts for their purpose and to protect the abutting and surrounding residential areas by requiring certain

minimum yard and area standards to be met, standards that are comparable to those called for in residential districts. It is intended that additional neighborhood commercial districts will be created in accordance with the amendment procedure set forth herein, as they are needed to serve new residential areas. To insure that such new districts are actually developed to supply the business needs of the neighborhoods, the amendment creating the district may set a time limit for its development.

(1) *Permitted uses.* In C-3 Districts only the following uses are permitted:

a. *Uses by right*—The uses listed below are permitted subject to the conditions specified:

\*\*\*

b. *Prohibited uses:*

\*\*\*

**Vehicle Storage Facility (limited)**

**Sec. 28-1. – Definitions**

For the purpose of this chapter certain words and phrases used herein are defined as follows:

\*\*\*

**Vehicle Storage Facility (limited): A facility, licensed by the State of Louisiana, for the storage of vehicles that have been wrecked, stolen, towed, or impounded for any other reason. The facility shall be surrounded by a screen fence at least seven (7) feet high. The duration of the storage shall be of a temporary nature subject to the length of time that it takes for the vehicle to be lawfully returned to the owner, sent to a collision repair facility or a permanent junkyard or scrapyards, or similar.**

\*\*\*
