### **REQUEST FOR STATEMENT OF QUALIFICATIONS ENGINEERING PEER REVIEW PROFESSIONAL ENGINEERING SERVICES 25-RAMP-29**

**ADDENDUM 2  
August 6, 2025**

#### **QUESTIONS AND RESPONSES**

1. Who is the design firm of record for the original design?  
Response: Houston Lirette, Architect in association with Architects Design Group  
Frank S. Thompson, Engineer
2. The insurance requirement is \$3 million in liability coverage. Is there any leeway in the insurance requirements?  
Response: Due to the limited scope of this particular project, the Parish will require the successful firm to carry \$1M in professional liability coverage rather than \$3M.
3. Is there a set fee for this job?  
Response: No. The costs will be negotiated to meet professional standards of cost reasonableness. If through good faith negotiations a mutually acceptable compensation is not agreed upon, the Parish has the right to end negotiations and entertain a negotiation with the next highest ranking responsible respondent or repost the opportunity.
