

TERREBONNE PARISH CONSOLIDATED GOVERNMENT

HOUMA POWER PLANT RFP PACKAGE – GENERATOR PROCUREMENT PROJECT NO. 673939 PW NO. 1725

ADDENDUM NO. 1

Date Issued: December 23, 2025

This Addendum No. 1 shall be part of the above referenced project.

Acknowledge receipt of this Addendum No. 1 by inserting its number in the space provided in the Louisiana Uniform Public Work Bid Form of the Request for Proposals. Failure to do so may subject the bidder to disqualification.

Kevan Keiser, P.E.

GIS Engineering, LLC.

HOUMA POWER PLANT
RFP PACKAGE – GENERATOR PROCUREMENT
PROJECT NO. 673939
PW NO. 1725

This Addendum is issued for the purpose of modifying, clarifying, or revising, as applicable, the specified items of the original Contract Documents. It is also issued for the purpose of adding, as applicable, the attached specified items to the original Contract Documents, or deleting, as applicable, the attached specified items from the original Contract Documents. The Addendum and attachments shall be construed as much a part of the original Contract Documents as contained therein. Changes made by Addenda shall take precedence over original Contract Documents.

GENERAL ANNOUNCEMENTS

1. As per this Addendum, the deadline to submit proposals has been extended to Tuesday, February 3, 2026 at 2:00 P.M.

PART I – WRITTEN CONTRACTORS QUESTIONS

PART II – MODIFICATIONS TO CONTRACT DOCUMENTS, TECHNICAL SPECIFICATIONS, PLANS, AND OTHER DOCUMENTS

Modifications to Contract Documents and Technical Specifications.

PART I – Written Contractors’ Questions

NOTE – The responses presented in PART I may differ from those presented in the Pre-Bid Conference. The responses in PART I are current as of the date of this Addendum and if different supersede those provided at the Pre-Bid Conference or any previous addenda.

Contractors’ General Questions Received

- 1. We are currently in the process of reviewing the RFP. Due to the holiday period, we respectfully request a one-week extension to the bid submission deadline. Additionally, it would be greatly appreciated if you could provide a target COD date.**

Response: As requested, a one (1) week extension to the bid submittal due date is granted. Bids are now due on Tuesday, February 3, 2026 at 2:00 pm (Central Standard Time).

In response to the target COD date, the expected receipt on-site date(s) for the generator sets is December 2027, and the COD date(s) for the Power Plant is December 2028 / January 2029.

- 2. We are reviewing the Houma Power Plant - RFP Generator Procurement (Project No: 673939) and would like to clarify the requirement for nine (9) Reciprocating Engine-Generator units rated at approximately 9.3 MW each. At AB, we package INNIO Jenbacher engines, and our largest packaged natural gas CHP/genset unit is 3.3 MW. Would TPCG consider an alternative configuration of three (3) x 3.3 MW units (totaling 9.9 MW) in place of each 9.3 MW engine-generator, provided that all performance, interconnection, electrical, and reliability criteria are met?**

Response: Due to overall plant design limitations and existing facility footprint, the Owner has specified the configuration to consist of nine (9) reciprocating engine-generator units, each rated approximately 9.0–9.3 MW. As such, alternative configurations utilizing multiple smaller units to replace each specified generator (e.g., three (3) × 3.3 MW units) are not being considered at this time. Proposals should therefore comply with the specified number and size of generator units as outlined in the RFP.

PART II – Modifications To Contract Documents, Technical Specifications, Plans, and Other Documents

Contract Documents:

1. Section A – Invitation to Bidders
 - a. Please revise the first paragraph to read as follows:

“Proposals will be received on ~~Tuesday, January 27, 2026~~, Tuesday, February 3, 2026 by the Terrebonne Parish Consolidated Government (TPCG) Purchasing Division, at the 301 Plant Road, in Houma, Louisiana until 2:00 P.M as shown on the Purchasing Division Conference Room Clock.
