

ADDENDUM #1

This Addendum is hereby made a part of the contract documents to the same extent as though it was originally included therein. This addendum must be acknowledged in the Bid Form.

TO ALL BIDDERS FOR FURNISHING LABOR, EQUIPMENT AND MATERIALS NECESSARY AND REQUIRED FOR:

St. Louis Canal Embankment 20" Sewage Force Main
Parish Project No. FRA-007
2000 St. Louis Canal Rd Houma, LA 70364
Terrebonne Parish Consolidated Government - Pollution Control
DDG Project No. 25-2189

BID OPENING DATE AND TIME CHANGE:

The bid opening date and time will be moved from September 23rd at 2:00 P.M., to September 30th at 3:00pm.

MISCELLANEOUS CHANGES, ADDITIONS AND CORRECTIONS:

1. For clarification, in the clearing and grubbing areas, trees shall be cut to grade. It is not the intent to pull stumps out of the ground that could potentially disturb the existing sewage force main.
2. For clarification, no vibration monitoring is not anticipated to be needed
3. For clarification, a majority of the existing sewage force main is asbestos concrete pipe. Portions of the existing sewage force main was previously repaired and converted to PVC.
4. For clarification, hydroseeding is intended to stabilize cleared areas once construction activities are complete to allow Parish employees to access this area once the project is complete.
5. For clarification, the intent for construction is for all work to be performed from the bank. If deemed necessary by the means and methods of the contractor, a barge or boat is allowed in the canal for construction activities.
6. For clarification. Sanitary facilities and security and protection for all materials are the responsibility of the contractor.
7. See attached non-mandatory pre-bid conference agenda and sign in sheet for reference including the engineers estimate for the base-bid.
8. A bid bond form that may be used is attached to this addendum.

CHANGES, ADDITIONS AND CORRECTIONS IN PROJECT MANUAL:

1. In section 5.3.2 "Respondent Inquiry Periods" of the Project Manual, the contacts are changed from Royal Engineering & Consultants to Duplantis Desing Group Attn: Matthew Rodrigue, mattrodrigue@ddgpc.com and Luke Hue, lhue@ddgpc.com.
2. As an alternate to the specified 55# Grouted Riprap, the Contractor may, at their option, furnish and install an articulated concrete revetment mat system, such as Submar® Onshore Revetment

Mats or approved equal, in the locations shown on the plans. The articulated concrete revetment mat system shall be installed per the manufactures recommendations.

3. The unit of measure and description for Item No. 6, 55# Riprap, is hereby revised from TON to SQUARE YARD (SY) and 55# Rip Rap to 55# Grouted Riprap or Articulated Concrete Revetment Mat System. The Bid Form has been adjusted accordingly. Payment shall be based on the actual square yard quantity installed and accepted in place.
4. The articulated concrete revetment mat system shall be Submar 4.5" concrete mattress or approved equal and installed in accordance with the manufacturers recommendation. Shop drawings and product data shall be submitted to the Engineer for review and approval prior to installation.
5. No adjustment to the Contract Price will be made for the Contractor's election to use an articulated concrete revetment mat system in lieu of the specified riprap.
6. Articulated concrete revetment mats accepted as an approved alternate shall be measured and paid for under the same Bid Item and at the same unit price per SQUARE YARD as specified in the Bid Form.

CHANGES, ADDITIONS AND CORRECTIONS IN THE DRAWINGS:

1. Sheet C-1 was updated to update the "Summary of Estimated Quantities" table to reflect the changes in the Bid Tabulation form.
2. See attached Terrebonne Parish Consolidated Government Standards Sewer Plans for required sewer force main details required for Alternate 2.

BID ALTERNATE NO. 2:

Provide all labor, materials, equipment, and incidentals required to replace 1,200 linear feet of existing asbestos concrete-coated sewer force main with a 20-inch PVC sewer force main complete and operational.

The Work shall include, but not be limited to:

1. Removal of the existing force main as directed by the Engineer.
2. Furnishing and installing 1,200 linear feet of 20-inch PVC sewer force main SDR 11 for 150 psi pressure rating, including all necessary restraint systems, fittings, tracer wire, appurtenances, bedding, backfill, hydrostatic testing, and restoration.
3. Hydrostatic testing is required at 150 psi in accordance with AWWA C901 and C902.
4. Providing, operating, maintaining, and removing all temporary bypass pumping and flow management systems required to maintain continuous sewer service during construction.
5. Furnishing and installing all fittings, adapters, reducers, bends, mechanical couplings, thrust restraint devices, and other appurtenances required for complete tie-ins to the existing asbestos concrete-coated sewer force main
6. Making all connections to the existing force main to place the new force main into service.

Measurement and Payment:

Bid Alternate No. 2 shall be paid for on a linear foot basis. The linear foot price shall constitute full compensation for all labor, materials, equipment, bypass pumping, fittings, appurtenances, tie-ins, hydrostatic testing, restoration, removal of existing sewage force main, and all other work necessary to provide a

complete and operational 20-inch PVC sewer force main installation. No separate payment will be made for bypass pumping, tie-ins, fittings, connections, or incidental work associated with this Bid Alternate.

LOUISIANA UNIFORM PUBLIC WORK BID FORM

TO: Terrebonne Parish Consolidated Government
Pollution Control
2000 St. Louis Canal Road
Houma, LA 70364

BID FOR: St. Louis Canal Embankment 20"
Sewage Force Main

The undersigned bidder hereby declares and represents that she/he; a) has carefully examined and understands the Bidding Documents, b) has not received, relied on, or based his bid on any verbal instructions contrary to the Bidding Documents or any addenda, c) has personally inspected and is familiar with the project site, and hereby proposes to provide all labor, materials, tools, appliances and facilities as required to perform, in a workmanlike manner, all work and services for the construction and completion of the referenced project, all in strict accordance with the Bidding Documents prepared by: _____

and dated: _____
(Owner to provide name of entity preparing bidding documents.)

Bidders must acknowledge all addenda. The Bidder acknowledges receipt of the following **ADDENDA**: (Enter the number the Designer has assigned to each of the addenda that the Bidder is acknowledging) _____.

TOTAL BASE BID: For all work required by the Bidding Documents (including any and all unit prices designated "Base Bid" * but not alternates) the sum of:

_____ Dollars (\$ _____)

ALTERNATES: For any and all work required by the Bidding Documents for Alternates including any and all unit prices designated as alternates in the unit price description.

Alternate No. 1 *Addition of timber piles throughout the remainder of the project limits* for the lump sum of:

_____ Dollars (\$ _____)

Alternate No. 2 *(Owner to provide description of alternate and state whether add or deduct)* for the lump sum of:

_____ Dollars (\$ _____)

Alternate No. 3 *(Owner to provide description of alternate and state whether add or deduct)* for the lump sum of:

_____ Dollars (\$ _____)

NAME OF BIDDER: _____

ADDRESS OF BIDDER: _____

LOUISIANA CONTRACTOR'S LICENSE NUMBER: _____

SECTION 00046 - BID BOND

KNOW ALL MEN BY THESE PRESENTS, that we, the undersigned, _____
_____ as Principal, and _____ as Surety,
are hereby held and firmly bound unto Terrebonne Parish Consolidated Government as Owner in the
penal sum of _____ for the payment of which, well and truly to be made, we hereby
jointly and severally bind ourselves, successors and assigns.

Signed, this _____ day of _____, 20 ____.

The condition of the above obligation is such that whereas the Principal has submitted to _____

_____ certain Bid, attached hereto and hereby made a part hereof to enter into a contract in writing, for
the _____

NOW, THEREFORE,

- (a) If said Bid shall be rejected, or
- (b) If said Bid shall be accepted and the Principal shall execute and deliver a contract in the
form of Agreement provided by the Contract Documents (properly completed in
accordance with said Bid) and shall furnish Bond for faithful performance of said
contract, and for the payment of all persons performing labor or furnishing materials in
connection therewith, and shall in all other respects perform the Agreement created by
the acceptance of said Bid,

then this obligation shall be void, otherwise the same shall remain in force and effect; it being
expressly understood and agreed that the liability of the Surety for any and all claims hereunder
shall, in no event, exceed the penal amount of this obligation as herein stated.

The Surety, for value received, hereby stipulates and agrees that the obligations of said Surety and
its bond shall be in no way impaired or affected by any extension of the time within which the
District may accept such Bid; and said Surety does hereby waive notice of any such extension.

IN WITNESS WHEREOF, the Principal and the Surety have hereunto set their hands and seals, and
such of them as are corporations have caused their corporate seals to be hereto affixed and these
presents to be signed by their proper officers, the day and year first set forth above.
