PUBLIC NOTICE

Request for Proposals Readvertisement *Consultant Services for Grant and Recovery Support*

Terrebonne Parish Consolidated Government ("Parish") is seeking the services of professional consulting firm(s) ("Consultant") to support identifying, applying for, and implementing grants for risk reduction or avoidance in Terrebonne Parish. Consultants will perform services related to opportunity identification and analysis, planning services, application recruitment and preparation, project implementation and management, and submission requirements for applications, reports, and closeouts. This support may include some engineering or coordination with engineers for benefit cost analysis data, structural integrity, mapping, etc. One or more firms may be awarded contracts associated with but not limited to:

- Federal Emergency Management Agency (FEMA) Hazard Mitigation Assistance grants
 - Flood Mitigation Assistance
 - Predisaster Mitigation Assistance
 - Building Resilience Infrastructure and Communities
 - Hazard Mitigation Grant Program funding for any presidentially declared disaster occurring in the 2026 or 2027 storm seasons
 - Public Assistance applications, damage assessments and management
- These grants would require coordination through the Governor's Office of Homeland Security and Emergency Preparedness.
- National Fish and Wildlife Foundation conservation grant and program administration including Davis Bacon implementation, monitoring, and compliance.
 - National Oceanic and Atmospheric Administration conservation grant and program administration including Davis Bacon implementation, monitoring, and compliance.

Consultants are not required to submit for all services needed and may elect to propose specific tasks or programs. Consultants should indicate their expertise and compensation expectations for the types of projects and funding sources they propose to manage or service.

The Parish may from time to time assign professional services contracts or task orders for other state, federal, philanthropic or nonprofit opportunities, or storm recovery activities that require transferable skills proposed by Consultant/s. Support for damage assessments, substantial damage continued compliance, and permit application intake through the My Government Online Connect may be awarded if needed.

Typical grant project types include but are not limited to wind retrofit, flood risk reduction (elevation, dry floodproofing, wet floodproofing), mitigation reconstruction, localized drainage improvements, infrastructure hardening, safe rooms, coastal restoration or hardening, marsh creation, pump station prioritization and implementation, redundancy of critical systems (e.g. water, power, heating and cooling),

repetitive loss studies, modeling, project scoping, and occasionally, acquisition. Support for damage assessments, substantial damage continued compliance, and permit application intake through the My Government Online Connect may be awarded if needed.

The awarded Consultants will have expertise in developing applications and implementation and closeout of projects and programs in a timely and cost-effective manner, meeting all Parish policies and procedures and local, state, and federal requirements, guidance, and regulations.

Terrebonne Parish shall have the discretion to award resulting work from past events/applications to a respondent to this request for proposals.

Interested parties are invited to secure a proposal package from:

Ms. Jennifer Gerbasi
Planning and Zoning, RAMP Division
8026 Main Street, Suite 200
Houma, Louisiana 70360

Interested parties may also call 985-873-6565 or visit centralbidding.com. The response to this request must be hand-delivered or mailed to the above-named office at the above-named address in such a manner that it is received no later than **3:00 p.m., on Monday, October 5, 2026**.

The Terrebonne Parish Consolidated Government is an Equal Opportunity Employer. Minority, Women Owned, and Veterans-owned businesses encouraged to apply.
